INVITATION

Welcome to the Drone World Congress 2025!

As the global leader in the unmanned aerial vehicle industry, we are excited to host you in Shenzhen, the innovation hub of China. Join us as we embark on a journey into the new era of the low altitude economy, exploring the latest advancements, opportunities, and collaborations in the UAV sector.

We look forward to your participation!

Yang Jincai

Chairman of the Organizing Committee

THE CONGRESS

THE CONGRESS

Drone World Congress 2025 is the premier global event for the unmanned aerial vehicle (UAV) industry. Gathering over 800 leading companies, 400 industry experts, and participants from more than 100 countries and regions, the congress serves as a platform for innovation, collaboration, and the advancement of the low altitude economy.

KEY HIGHLIGHTS

KEY HIGHLIGHTS

Global Scale and Influence

The largest UAV congress globally with unparalleled international participation.

Authoritative Support

Backed by international organizations such as ICAO, FAI, and AUVSI, ensuring top-tier industry insights.

Cutting-edge Innovation

Explore the forefront of UAV technology in low altitude economy, eVTOL, emergency rescue, and more.

Networking Opportunities

Connect with industry leaders, experts, and innovators from around the world.

Expert Evaluation

Jani Hirvinen

Founder of the International Unmanned Organizations: ArduPilot, DIYDrones, and DroneCode.

This conference serves as a crucial hub for technical minds to converge and delve into the latest advancements in autonomous flight systems. The emphasis on collaboration and sharing of open-source innovations accelerates the development of cutting-edge autopilot solutions, propelling the UAV industry forward.

DWC2025 stands out as a truly international event, bringing together top experts and innovators from around the world. It offers a fantastic platform for collaboration and showcases cutting-edge advancements in UAV technology, making it a must-attend for anyone in the industry.

John Dagklis

President of the Greece Chapter of the World UAV Federation, Director of JDAS (J.D & Associates), Executive Protection Global Standard (EPGS)

Tiziano Fiorucci

Head of Testing and Reliability at WindShape (Switzerland)

Drone World Congress is a premier event that significantly contributes to the growth of the UAV industry in the Asia-Pacific region. It offers unparalleled opportunities for networking and discovering the latest industry trends.
